

POMODORO ALARM

The Pomodoro Technique is a time management method based on 25-minute stretches of focused work broken by five-minute breaks. This is much efficient and successful method that we can use to study. For this necessary I design pomodoro alarm.

Features:

- 1.It can count to 25 minutes and give 5 minute break.
- 2.It has a display to indicate start, end and time.
- 3.It has a alarm to inform end of the 25 minutes.
- 4.It has an LED system to indicate how much time do you have to study.
- 5.It gives the total time count of the day to user.
